Student Showcase, featuring Jordyn Luna

Language Journal Question: Name one of your talents and what you can use it for.

Jordyn writes:

One of my talents is that I can comprehend school lessons. That means I can finish my homework faster. I can also get most of my problems right. I can also help people with school work.

Comprehending something also helps me by learning new things in sports. In basketball, I can learn the plays. It's nice having the ability to learn. It's a common habit for most people, I've noticed.

Congratulations to Jordyn for earning a Language Homework Pass!
